

## The **CTE DAY**, the perfect End-of- the-year Event

*FE Group is the exclusive representative of CTE Italy in France, offering a complementary range of high-performance equipment for passenger cars (18 to 26 m) and high lifts up to 61 m.*

*We are proud of this relationship between the group and CTE which dates back to 1996.*

**FLAVIGNY-SUR-MOSELLE  
9 DECEMBER 2021**

---

On Thursday, 9 December, FE Group's customers came in droves to take part in CTE Day following an invitation extended in November. This event brought together more than 50 participants.

We made the most of the day, hence **presenting our long-time partner CTE Lift's new vehicle: the MP 24 C** aerial work platform.

Our customers came to see and discover the platforms exposed, all in a good mood and in a friendly atmosphere, kindled by an exquisite lunch, offered by FE group.

**CTE models  
on display**

**B 18 — B23 — B27 — B 20J — Z 20.4**

The event took place in our brand new modular building which was made available for CTE Day but will be used, as intended, for the production of our aerial work platforms.

Naturally, **the guests had the opportunity to take a closer look at some other models from CTE:** the B23, the B27 (aluminum basket and fiber basket), or the B20J, Z20.4 and B18.

**FE group would like to thank the participants for joining us in our display of the latest models in the industry!**
